Note: This plan does not include a missing tooth clause. In addition, if covered, crowns, bridges, partials and complete dentures are paid when the permanent structure is inserted (seated) by the dentist. Member coverage must be active on the date that the permanent structure is inserted and payment is based on benefits available on that day — for example, if the member's annual maximum has been paid prior to the insertion of the permanent structure, the service will not be paid.

* Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the

Out-of-Network Coverage

You have the freedom to choose any dentist, but it is important to know that your out-of-pocket costs may be higher when you visit a dentist who does not participate in our network. Non-participating dentists have not agreed to accept the Altus Dental allowance as payment in full, so services from an out-of-network dentist may cost you more. You may also have to pay the dentist at the time of service and file a claim yourself. To be eligible, all claims must be filed within one year of the date of service. To find a participating dentist near you, use our Find A Dentist tool at www.altusdental.com.
