

Medicare & Health Information Assistance

Middleboro Council on Aging
558 Plymouth Street
Middleborough, MA 02346

Serving Health Information Needs of Elders (SHINE).

The SHINE program was founded in 1988 and has helped more than 400,000 Massachusetts seniors and disabled persons save money on their health care costs.

SHINE counselors are familiar with Massachusetts' senior-care plans and are an excellent resource to help **retirees and younger disabled Medicare beneficiaries** maximize their **Medicare** coverage.
